

# FIQ Courtesy Message Phone Broadcasting Technique

## Step 1: Outgoing Phone Broadcast Message

Hello, This is a courtesy message. You have an important voice mail waiting. Press 1 to retrieve your message now or you may call \_\_\_\_\_ to retrieve your message later. Your message will be deleted after 24 hours and is non-retrievable after that time. To ignore this notification and cancel your message, press 9

## Step 2: Set Up A Voice Mail/Record 30 Second Message

The voice mail service you use should allow you to do the following:

- 1) Record a 30 to 60 second message with good sound quality.
- 2) Capture phone numbers even if they don't listen to the entire message.

*I use: [www.SimpleVoiceBox.com](http://www.SimpleVoiceBox.com)      \$4.95 Per Month*

## Step 3: Create Your 30 to 60 Second Message - Here's Mine

Glad you pushed 2 I'll make it worth your while. The reason for this courtesy message is you and I both share some common ground, we both have a home-base business. Hello my name is \_\_\_\_\_. My partner and I just put together a NO Selling Marketing System for a company that's recently been featured on Dateline, CNBC, and the Dr. Phil Show. The System we've created is putting \$1000 Commission Checks in folks pockets daily. Imagine getting a \$1000 check every day in your mailbox...these are folks just like you! You could be making a full-time living from home right now. Our system is proven, it works, and it won't fail for you. Over the next 3 days I'm going to personally work with and set up 3 folks with our \$1000 Dollar Daily System...if you'd like to be one of them then please after the tone leave your name and number and please leave it twice, along with the best time to call you, I will make only 1 attempt to reach you at the time you specify. Again this offer and System is only being extended to 3 people...like it to be you, so after the beep please leave your contact info...Thank You.
